Trick-or-Treat for candy & Unicef

Halloween is just around the corner! On Thursday, October 31st, make sure to wear your Halloween costume to school. Whether it is scary, silly, or funny, we want to see these outrageous costumes in the Halloween parade starting at 8:30. Every single Silver Oak student will march around the school and show off their cool costumes. Most importantly, they will have fun! Halloween is not only about the candy. You could also Trick or Treat for Unicef and raise money for a very worthy cause. While trick-or-treating for candy, ask for donations of spare change by saying, "Trick-or-Treat for Unicef!" By donating one cent or one dollar, you could save lives! Unicef collects money to provide food, clean water, education, and medication to kids that live in poverty or war.

Kids Heart Challenge

There is a fun way to get your heart pumping and support a great cause all in one. You can take part in the Kids Heart Challenge. Every Kinder through sixth grader will jump rope to help support kids who have special hearts. This is a time to learn jump rope skills and learn how our heart works, but most importantly, raise money to help kids with special hearts. Mrs. Hogan's and Mrs. Fong's 4th grade class leads this event. Silver Oak's goal is to raise 3,000 dollars. Let's all do our part!

Box Tops

Don't forget to collect box tops from cereal boxes, Kleenex, and more! These box tops help give money to our school. Make sure your class ends up with the most box tops because after we've collected all the box tops, the class with the most box tops will win a surprise treat!

Science with Mrs. Gardener

Do you love doing science? During Friday lunch recess, our very own STEAM teacher, Mrs. Gardener, will be conducting different science experiments and hands-on projects that you can do. We will see you in the lab!

Sports!

By Logan G. & Jacob T.

NFL

The San Francisco 49ers are one of two undefeated teams in the NFL at 6 wins and 0 losses. What a game Kicker Robbie Gould had with field goals making up every point! The Los Angeles Chargers, who have 2 wins and 5 losses, are happy to report that Melvin Gordon is back and he is doing great! The Oakland Raiders are doing pretty well at 3 wins and 3 losses. Lastly, the Los Angeles Rams are doing pretty well this season with 4 wins and 3 losses. The Rams defense is holding it down for their team!

NBA

Basketball season is starting. Opening Day is October 22nd. I wonder how the Golden State Warriors will do without K.D.? Will the original Splash Brothers be able to take their team to the finals yet again? Kawhi Leonard and Paul George are playing for the LA Clippers this season. LeBron James is staying with the other Southern California team, The Lakers, this season and he should be fun to watch. California has one last team to watch. Our state capitol's team, the Sacramento Kings, may be a contender too. You never know who is going to dominate in the NBA!

MLB

The Washington Nationals and the Houston Astros are playing in the 2019 World Series. This is huge for the Washington Nationals because it's their first time in the World Series. This is the second time that the Astros have made it to the World Series. The last time the Astros were in the World Series was when they defeated the Los Angeles Dodgers in 2017.

NHL

Our team, the San Jose Sharks, have 3 wins and 5 losses. Sharks are seventh place in the Pacific Division, which is not good for the team. The only way we can get better is if we win more games. Here's hoping we can only go up from here!

Q & A

By, Reese R. & Anika B.

Hello everyone! Welcome back to Q and A where we ask you questions and you give us answers!

We asked **kindergartener** Eli W., "What do you want to be for Halloween?" He answered, "A construction worker!"

The **first grade** question was, "How old do you think you'll be when you stop trick-or-treating?" Delaney R. said, "18."

Then, we asked Navrou S. from **second grade**, "Do you like friendly or scary Halloween costumes?" He told us, "Scary!"

In **third grade**, we asked Naina K., "What is your favorite Halloween candy?" She responded, "Candy Corn because it's delicious and different!"

We asked **fourth grader**, Myra K., "Do you believe in ghosts? Why or why not?" Myra told us, "No, I don't believe in ghosts because they are just a made up story to scare kids."

In **fifth grade**, we asked Shivane S., "If you could change Halloween's name, what would you change it to?" He replied, "I would not change the name. It is perfect the way it is."

Lastly, we asked **sixth grader** Peyton F., "What is your favorite part of Halloween?" She responded, "I love dressing up and going door to door for candy!"

Teacher question: What is it like teaching the day after Halloween?

Mrs. Richard said, "It's really hard. The kids are usually on a sugar high, and no one really concentrates. I wish Halloween was on a Saturday, but I still love it."

Family Fun

Have nothing to do during the weekend? We have a wonderful suggestion for a free, family fun activity. Take your family to the Coyote Creek Trail located only a few miles from Silver Oak! Whether you want to bike or walk, this trail is the perfect place to spend time with your family and be outside enjoying our nice weather. You will see a lake, a playground, and maybe a horse or two. So if you have nothing to do, come on down to Coyote Creek Trail.
